

RUSU Clubs: COVIDSafe Events On Campus

INFORMATION SHEET

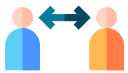

To provide a COVIDSafe Club Event on campus keep up to date with the latest requirements at www.rmit.edu.au/students/return-to-campus and follow the steps below:

Appoint a Club Leader as the COVIDSafe monitor for the event. Their job is to make sure the safety steps below are communicated and implemented.

Observe density limits: check room signage for limits.

Support socially distancing at event (consider signage, event layout).

Participants must register ahead of the event, this way you know how many people to expect and can manage density limits/attendance.

Appoint a spokesperson who will remind everyone of the COVIDSafe requirements at start of meeting, training or workshop.

Contact Tracing: Remind participants to be connected to RMIT WiFi, tap security access panel if applicable to the event location.

Clean surfaces including tables before and after the event and **sanitise** any shared equipment before and after use.

Provide sanitiser and encourage participants to sanitise regularly.
